Your First Paycheck

“When I first got my first paycheck, I was just like ... wow, you know? I was doing honest grown folk work and getting paid for it. That meant so much to me.”

Walter, Graduate Student/Social Entrepreneur

WHAT IS A PAYCHECK?

Like any other check, a paycheck is a contract. It is a promise from your employer that you will be able to get your pay, in the amount that they write down on the check, from your employer’s bank account. Your check may eventually expire so be sure to deposit or cash your check and of course keep your check in a safe place until it is deposited or cashed.

WHAT IS ON A PAYCHECK?

Your paycheck (see sample below) will include your name, the name of your employer and their address, your employer’s bank account number and your employer’s bank routing transit number (RTN) or bank transit ABA number. It will also include the date and the amount of the check.

Find each item with your group leader and list the name in the correct blank.

DEAR DICTIONARY....

ROUTING NUMBER = a number that routes or directs funds to a specific bank (also known as bank transit ABA number)

ACCOUNT NUMBER = an identification number for your bank account
CHAPTER THREE: YOUR FIRST PAYCHECK

TAX & EMPLOYMENT FORMS

Even before you start working you will need to fill out certain paperwork for your employer some of which is related to taxes. Be sure to bring your state ID and any other required documentation to your orientation or your first day of work. Also, you will generally have to complete an I9 to verify you are eligible for employment & a W4 regarding your tax withholding when you are hired.

In order to complete your tax and employment forms, you will also need to know your dependency status or if anyone else claims you on their tax return and if you owed taxes in the past year. Learn more at LRNG.org/Chicago-Pay Day Ready.

You will likely receive a 1099 or W2 and may need to complete a tax return later in the year so be sure to keep all of your employment records & pay stubs.

WHERE DID ALL MY MONEY GO?

Jessie earned $110.40 for his part-time tutoring position, but his paycheck was only written for $105.35. What happened to the rest of Jessie’s money? TAXES! TAXES!

Taxes are money charged by the government to cover the costs of things like your police, fire department, schools, the armed forces, etc. Employers ARE REQUIRED to take taxes out of an employee’s paycheck.

Even if you do not make enough money to pay federal &/or state income tax, you will have to pay Medicare & Social Security or Payroll/FICA tax. Learn more at LRNG.org/Chicago – Be Pay Day Ready (Tax) prior to your first day of work.

EXAMPLE: From Jessie’s paycheck, a total of $1.74 went to Medicare taxes (to cover health insurance for low-income individuals) and $3.31 went to taxes for the state. Find both items below and circle them.

DEAR
DICTIONARY
Gross Pay = Total pay before deductions for any taxes or health insurance costs
Net Pay = Pay after any deductions
CHAPTER THREE: YOUR FIRST PAYCHECK

Because Jessie’s paycheck was so small, the tax that he owed the federal government was not taken out of his paycheck. However, he may owe taxes later.

If Jessie earned more, $700 per month or $8,400 per year. Using the sample 2017 income tax chart to the right what would Jessie’s federal income tax bracket be? ____%.

What if Jessie gets a raise and goes over the tax bracket limit of $9,525 by $1,000, what portion (or percent) would Jessie owe on any money over the tax bracket limit ___%.

YOU WON'T GET TO TAKE ALL OF YOUR PAYCHECK HOME. DON'T PLAN TO SPEND IT ALL! *SEE IRS.GOV FOR UPDATED RATES

WHAT SHOULD I DO WITH MY PAYCHECK?

It is best to open a bank account (see Ch 4) and take your paycheck to your bank where you can deposit your paycheck for little or no fees. Depositing some or all of your paycheck in the bank ensures that your money will be safe and you may earn extra money, called interest (see definition below) (SEE PAGE 27 FOR LESSON ON OPENING AN ACCOUNT.)

HOW DO I CASH OR DEPOSIT MY CHECK?

To cash or deposit your check, you must sign it. You sign checks above the line on the back of the check. (Try signing a check on the example below.)

ALWAYS sign your check in INK and try to use the same signature.

Banks will ask for identification if you are going to cash a check or ask for money back in cash when you make a deposit. BRING YOUR STATE ID OR DRIVERS LICENSE!

Practice signing a paycheck!

Individuals are sometimes eligible to receive tax credits and/or free tax preparation depending upon income. Find a VITA site and learn more at www.IRS.gov - Search VITA.

DEAR DICTIONARY
What is a …?

BANK ACCOUNT = an account or fund at a bank in which you keep your money
DEPOSIT = to put money in a bank account
WITHDRAW = to take money out of your bank account
CASHING A CHECK = to exchange or sign over a check in your name for cash
INTEREST = a small amount of money that the bank gives you in return for keeping your money there
CHAPTER THREE: YOUR FIRST PAYCHECK

BANK TO AVOID CHECK CASHING FEES

PEOPLE WITHOUT BANK ACCOUNTS OFTEN SPEND $400 PER YEAR ON CHECK CASHING COSTS AND OTHER BANK FEES ALONE!

Visit LRNG.org/Chicago to learn more about how BANKING CAN PAY OFF FOR YOU! Become certified, learn more about high quality bank accounts in your area and open the door to new opportunities such as special scholarship competitions!

VISIT LRNG.org/Chicago – Be Pay Day Ready TODAY!

Pay day loans may seem like a quick fix. However, they can end up costing you hundreds of dollars or more! The effective annual percentage rate (APR) or rate of interest per year on pay day loans in some states can be as much as 400%.

That means if you borrowed $100 (your principal) each pay period, your interest and fees calculated over the course of the year would end up costing you $400 in charges!

Dear Dictionary …

Interest = Money charged to a borrower by a lender for the use of the lender's money (Interest is calculated as a % of principal.)

Some banks are able to allow you to mobile deposit your check via your phone. This is very efficient and helps many people to save securely. Remember, IF you DO this, then your check HAS been deposited and CANNOT be cashed or deposited again!

BANK TO AVOID PAY DAY LOANS

BE YOUR OWN BANK! SAVE MONEY IN AN EMERGENCY FUND TO AVOID THE NEED FOR PAY DAY LOANS DOWN THE ROAD!

400% INTEREST?!

NO WAY!
CHAPTER THREE: YOUR FIRST PAYCHECK

WHAT ELSE SHOULD I DO WITH MY PAYCHECK?

SAVE & INVEST FIRST! Why does saving and investing matter when I don’t make much money yet?

HOW MUCH DO YOU NEED TO INVEST DAILY TO BE A MILLIONAIRE BY AGE 65?

ONLY $7.50 PER DAY¹!

Have a job? Save some of the money that you earn - even at minimum wage - and you will be on your way to building a saving habit and having money to invest in the future!

YOUR SUMMER JOB COULD BE YOUR START ON THE TRACK TO BECOMING A MILLIONAIRE!

Do you have trouble saving? Make it automatic!

USE DIRECT DEPOSIT! Start automatically depositing some of your paycheck into a savings account.

¹ Assumes a 7.5% annual return on average over 49 years.

WHY SHOULD I CONSIDER DIRECT DEPOSIT?

1) Security = your check will not be lost or stolen as your money is put DIRECTLY and safely into your bank account.
2) Free = there is generally no charge for direct deposit so you will avoid check cashing fees!
3) Convenience = you will not waste time going to the bank to make your deposit
4) Speed = you will get your money faster as funds are usually available the morning of your pay day vs. checks that take 1-2 days
5) Reliability = regulations require that your funds will be deposited correctly and on time.
6) Savings commitment = it is easier to meet your savings goal using direct deposit. There is less temptation to convert your check into cash and spend it.

“... I actually have an automatic savings thing where it puts money into my savings account automatically.”

Evan, Young Adult
WHAT IS DIRECT DEPOSIT?
Direct deposit allows your paycheck to be automatically deposited in your bank account electronically.

HOW DOES IT WORK?
Direct deposit is similar to the process used when depositing a check in person. Funds are directed by an account number and a routing number. However, with direct deposit, the funds are sent electronically to your bank from the organization that is paying you through the National Automated Clearinghouse (ACH) system. The Federal Reserve Banks and financial institutions process these requests.

SIGNING UP FOR DIRECT DEPOSIT
When you sign up for direct deposit, your employer will ask you for your bank account information (routing number, account number, etc.) so they will know where to deposit your money.

IS DIRECT DEPOSIT REALLY SAFE?
Yes! Over 30 million people use direct deposit. Of the 1 billion deposits in 1992, 99.9% were executed perfectly. Of the 0.1% that had errors, almost all of these were fixed within one day. (There are government regulations that require errors to be fixed in one day or investigated.)

The first time I did the internship I actually did not have direct deposit and I ended up spending all my money. When I got direct deposit, I was like ... I have the control I need. I can save... I got through my first and second semester of college off [the earnings from] one internship ...
Blake, College Student - Intern

Account Number = this # identifies your specific account. (Think of this like your specific street address & apartment #.)
Routing Number/Bank Transit ABA Number = this # identifies your bank. (Think of this like your city’s zip code on your address.)

What is the National Automated Clearinghouse (ACH) System?
An electronic network for financial transactions in the United States.
The largest operator of the ACH is the Federal Reserve Banks. In 2011, this network processed 20.2 billion ACH transactions with a total transaction value of $33.91 trillion.
CHAPTER THREE: YOUR FIRST PAYCHECK

DIRECT DEPOSIT PRACTICE

Jessie wants to set up direct deposit. He would like to have 50% of his paycheck deposited in his checking account and 50% deposited in his savings account. His savings account # = 2345678901 and his checking account # = 1234567890. His bank name is “The Best Bank”. His bank routing # = 987654321.

Complete the sample authorization below for Jessie.

SAMPLE AUTHORIZATION AGREEMENT FOR AUTOMATIC DIRECT DEPOSITS

I hereby authorize “Company”, to initiate credit entries for sums to and payable to me to my checking, savings or other account indicated below; and, the Financial Institution named below, hereafter called “Depository”, to credit the same to such account. I also authorize Company to initiate debits for sums due to the Company for erroneous deposit or deposits at the Depository.

Bank Name: Countrywide
Routing/Bank Transit ABA No: 987654321
Bank Account No.: Checking 1234567890 50%
Amount or Percent Savings 2345678901 50%
Other:

This authorization is to remain in full force and effect until Company has received notification from me of its termination in such time and in such manner as to afford Company a reasonable opportunity to act on notification or until such time as Company terminates this agreement.

Employee Name: Jessie
Employee Signature: ____________
Date: ____________

PAYCHECK JEOPARDY: YOU’RE IN THE MONEY!

- Question: The best thing to do with your paycheck is to deposit it in a bank to AVOID check fees.
- Question: Currency exchanges will cash your paycheck, but they charge check fees.
- Question: A bank loan is generally less expensive than a pay day loan that can sometimes charge up to 400% interest.
- Question: One of the easiest ways to save is to have part or all of your paycheck deposited automatically. This is called deposit.
- Question: Employers ARE REQUIRED to take out of an employee’s paycheck.
